I have served on the Council on Aging Board of Directors for 3 years now, and I was honored to become president this past year and it's been quite an experience. I've noticed that things have slowly been getting back to a new normal and our clients are glad to have us back up and running like they remember.

The past 2-3 years we have faced many challenges and had to step up and service our seniors in ways that were very unfamiliar to all of us. Our staff and their dedication are second to none and I'm truly blessed to be a part of such a giving group of servants. To say that we have had many curve balls thrown at us these past few years would certainly be an understatement; however, our staff, our seniors and our board have handled it with grace and perseverance. We know that it wasn't always perfect, but it was always worth it. It was the best we could do at the time and for that we are grateful.

Our future is bright and we want to engage our business community in our fundraising efforts so we can serve as many seniors as possible. We need YOUR help to make this possible. We want to build relationship and partnerships with our community leaders and business community so we can grow our service numbers. It's very important to note that our Board of Directors is fully committed to expanding our network and that is why we are reaching out to YOU.

Let's build a partnership that we both can be proud of. Let's join forces and with YOUR help we can improve our service numbers! With today's economy, there isn't a better time to give back to those who have sacrificed so much for us. Our elderly population is often overlooked and distanced from their families when they need them the most. Let's bridge that gap a little by partnering with Iberia Council on Aging.

Together, we can make a difference in their day to day lives. We are proud of our staff, our seniors, and our community for having faith in our mission, and we want to ensure that public trust in us isn't wasted. Since our senior community is one of the most vulnerable, we want to ensure that we do our part to provide the services needed to keep them thriving and fulfilled. As Board President, I'm looking forward to this coming year as I know it will be one of great accomplishment and fulfillment. After all, there is no better feeling that witnessing the appreciation and gratitude from our seniors when we do our part to assist them when in need.

There's no better time to partner with Iberia Council on Aging! We accept one time or annual partnerships. Your generosity will be touted and your business profile broadcasted so everyone can see YOU are a partner.
